

Proof of Participation
Galaxy Training Academy 2026

YIMGA WANDJI KEVIN L' AGNEAU

has completed modules from the
Introduction to Galaxy

This course was organised
by the Galaxy Training
Network, in collaboration
with:

- the Galaxy Project
- Galaxy Europe,
- Galaxy Australia
and the Australian
BioCommons
- TACC.

Instruction provided by our global
instructor community of Galaxy

The course consisted of a week
of online, asynchronous
training which enabled
participants to work at their
own pace and on their own
schedule. The workshops
consisted of a blend of
seminars and hands-on
practical work.
Each track lasts 3 days.

The Training Academy Organizing Team

Completed Tutorials

- Galaxy Basics for genomics
- Using dataset collections
- A short introduction to Galaxy
- Fundamentals of Sequences analysis : Quality Control
- Fundamentals of Sequences analysis : Mapping
